Safety Officer

Coordinator for Safeguarding Arrangements

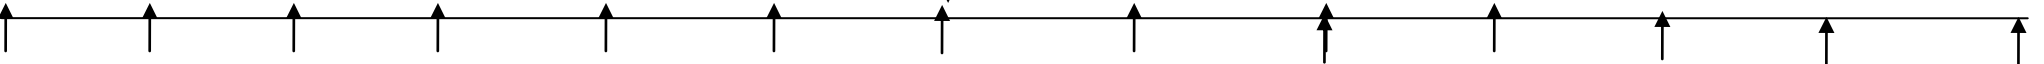

This role has responsibility to: produce and establish for each event risk management processes to safeguard children and vulnerable people; to ensure a paper/audit trail is evident for each event; to establish a clear line of accountability for safeguarding; to ensure event staff understand the safeguarding protocols set out in the Event Management Plan and advise event management/staff/stewards about the safeguarding arrangements in place. This role is to co ordinate communication and decisions taken by staff working at places a, b, c and d below and if necessary (eg a protection order is required) to liaise with the Event Safety Officer / Control Room / Police / Social Care and other interested parties regarding this.

(a) Medical Point
Refer children or VP here if they require medical assistance

(b) Lost & Found People Point
Refer lost/found people here until they are reunited with their parent/carer or in a place of safety (follow procedure set out in the event manual and complete Protocol at appendix 2 of SSCB guidance).

(c) Vulnerable People Welfare Point / Sensory Space
Refer C/VP to these points if they are capable and willing to engage with the specialist workers (eg substance misuse, mental health; sensory interventions; or youth workers for interventions to improve safety / behaviour) OR SEE 'D'

(d) Vulnerable Young People*
Refer VYP to this point if they are not involved with crime or disorder but are incapable or unwilling to engage with specialist team. Stewards to offer VYP options of changing behaviour or contacting parent/carer OR a safe ejection. Protocol at appendix 2 of SSCB guidance to be followed). Stewards to liaise with Safeguarding Co-ordinator and liaise with Police if necessary.

Stewards / Safeguarding Leads
Identify and refer lost/found or vulnerable people to the relevant 'place of safety' as part of the plan established by the Safeguarding Co-ordinator

*The purpose of the 'chill out' space is described in the main body of this guidance

**Dotted line indicates that a safeguarding situation has escalated beyond the boundary of the event control management and now meets the criteria requiring statutory service intervention
